Student

During the fall of 1953 Jackson High School organized its first Student Council. The Student Council may well be the voice of the student body, because its members represent all students in the school. Their problems, suggestions and questions are properly presented to the Faculty through this organization. The purpose of this organization is "to promote better relationship between the students and faculty; to encourage loyalty, respect, and school spirit; to encourage student participation in all school activities; to uncover leadership abilities in the individual."

Overture—"Destiny".....Joseph Paulson

"Destiny"—A tone picture depicting the fate of the nation. At the beginning peace and calm prevail. The peace theme is taken from an old 17th Century Round by an unknown composer. Selfishness and Anti-Semitism begin to harass the nation. The seeds of war are sown. Amid the chaos a new leader appears. The Peace theme returns with a martial air. They finally blend and the Peace theme overcomes the martial motif and returns to its original form.
